3143 building projects with costs equal to or greater than two million dollars
3144 and over a ten-year period for school building projects with costs less
3145 than two million dollars. Any town or regional school district which
3146 abandons, sells, leases, demolishes or otherwise redirects the use of
3147 such a school building project to other than a public school use during

3148 such amortization period shall refund to the state the unamortized
3149 balance of the state grant remaining as of the date the abandonment,
3150 sale, lease, demolition or redirection occurs. The amortization period
3151 for a project shall begin on the date the project was accepted as
3152 complete by the local or regional board of education. A town or
3153 regional school district required to make a refund to the state pursuant
3154 to this subdivision may request forgiveness of such refund if the
3155 building is redirected for public use. The Department of
3156 Administrative Services shall include as an addendum to the annual
3157 school construction priority list all those towns requesting forgiveness.
3158 General Assembly approval of the priority list containing such request
3159 shall constitute approval of such request. This subdivision shall not
3160 apply to projects to correct safety, health and other code violations or
3161 to remedy certified school indoor air quality emergencies approved
3162 pursuant to subsection (b) of this section or projects subject to the
3163 provisions of section 10-285c.

3164 (B) If the board of governors for an independent institution of
3165 higher education, as defined in subsection (a) of section 10a-173, or the
3166 equivalent of such a board, on behalf of the independent institution of
3167 higher education, that operates an interdistrict magnet school makes
3168 private use of any portion of a school building in which such operator
3169 received a school building project grant pursuant to this chapter, such
3170 operator shall annually submit a report to the Commissioner of
3171 Education that demonstrates that such operator provides an equal to
3172 or greater than in-kind or supplemental benefit of such institution's
3173 facilities to students enrolled in such interdistrict magnet school that
3174 outweighs the private use of such school building. If the commissioner
3175 finds that the private use of such school building exceeds the in-kind
3176 or supplemental benefit to magnet school students, the commissioner
3177 may require such institution to refund to the state the unamortized
3178 balance of the state grant.

3179 ~~[(B)]~~ (C) Any moneys refunded to the state pursuant to
3180 ~~[subparagraph (A)]~~ subparagraphs (A) and (B) of this subdivision shall

3181 be deposited in the state's tax-exempt proceeds fund and used not later
3182 than sixty days after repayment to pay debt service on, including
3183 redemption, defeasance or purchase of, outstanding bonds of the state
3184 the interest on which is not included in gross income pursuant to
3185 Section 103 of the Internal Revenue Code of 1986, or any subsequent
3186 corresponding internal revenue code of the United States, as from time
3187 to time amended.

3188 Sec. 323. Subsection (b) of section 10-285a of the general statutes is
3189 repealed and the following is substituted in lieu thereof (*Effective July*
3190 *1, 2016*):

3191 (b) (1) [The] Except as otherwise provided in subdivision (2) of this
3192 subsection, the percentage of school building project grant money a
3193 regional board of education may be eligible to receive under the
3194 provisions of section 10-286 shall be determined by its ranking. Such
3195 ranking shall be determined by [(1)] (A) multiplying the total
3196 population, as defined in section 10-261, of each town in the district by
3197 such town's ranking, as determined in subsection (a) of this section,
3198 [(2)] (B) adding together the figures determined under [subdivision (1)
3199 of this subsection] subparagraph (A) of this subdivision, and [(3)] (C)
3200 dividing the total computed under [subdivision (2) of this subsection]
3201 subparagraph (B) of this subdivision by the total population of all
3202 towns in the district. The ranking of each regional board of education
3203 shall be rounded to the next higher whole number and each such
3204 board shall receive the same reimbursement percentage as would a
3205 town with the same rank plus ten per cent, except that no such
3206 percentage shall exceed eighty-five per cent.

3207 (2) Any board of education of a regional school district established
3208 or expanded on or after July 1, 2016, that submits an application for a
3209 school building project (A) not later than ten years after the
3210 establishment or expansion of such regional school district, and (B)
3211 that is related to such establishment or expansion, may be eligible to
3212 receive a percentage of school building project grant money, under the

3213 provisions of section 10-286, as follows: The reimbursement percentage
 3214 of the town in such regional school district with the greatest
 3215 reimbursement percentage, as determined in subsection (a) of this
 3216 section, plus ten per cent.

3217 Sec. 324. Section 16-245bb of the 2016 supplement to the general
 3218 statutes is repealed. (*Effective July 1, 2016*)

3219 Sec. 325. Section 22a-904b of the general statutes is repealed.
